An all employee PD event organized by HROD & SCTL

## Curriculum Development

Design quality curriculum by creating measurable outcomes, planning assessments, participating in curriculum mapping, and exploring the new program development process.

## eLearning

Integrate digital literacy in classroom instruction or team meetings by using educational technologies such as Blackboard, Panopto, Office365 applications, and Lynda.com.

## Multimedia

Create innovative learning opportunities by leveraging the expertise of our multimedia experts and design interactive digital resources that promote student engagement.

## Hybrid & Online

Explore new instructional modalities by learning how to properly design hybrid and online learning experiences for students using evidence-based practice.

## Faculty Professional Development

Participate in lifelong learning activities by participating in workshops, conferences, and collaborative exchanges with fellow faculty.

## Inclusivity

Promote inclusive learning and working environments by exploring topics relating to internationalization, indigenization, student identity, LGBTQ2, and accessibility (AODA).

# Meet Our Team

The School of Contemporary Teaching & Learning (SCTL) is responsible for providing six distinct services to faculty and staff that are designed to enrich the student experience. These services include various initiatives related to eLearning, Curriculum Development, Hybrid & Online, Multimedia, Faculty PD, and Inclusivity. We also support part-time students pursue flexible learning opportunities by creating new online courses through collaborative partnerships with other institutions.
