Posting Videos in Blackboard Using Panopto Links and Mashups

Creating a Blackboard link to a Panopto Video

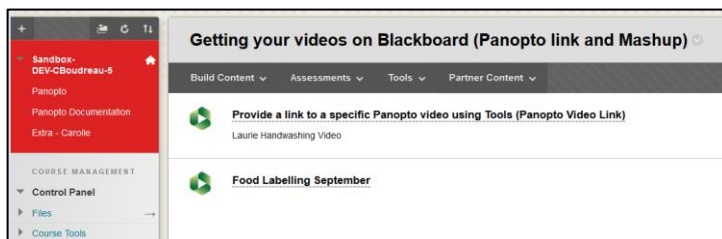

1. To create a Panopto video link, go to the **Tools** tab and select **Panopto Video Link**

2. You will be asked to **select a folder** (this is your course) and **select a lecture** (choose the video you want to link to in this list). Click **Submit**.

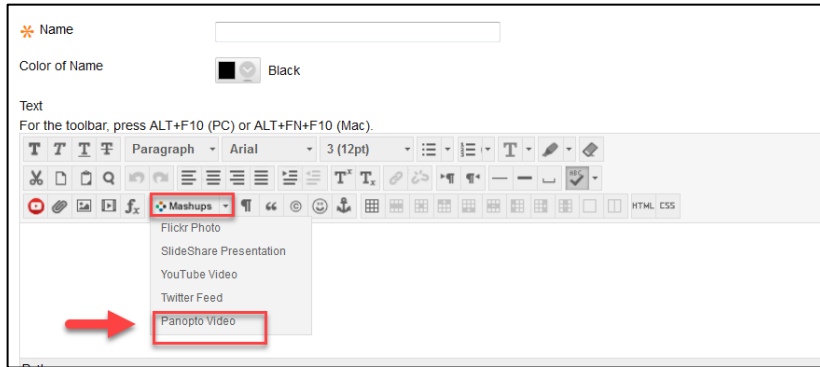

3. A link to your video will be created.

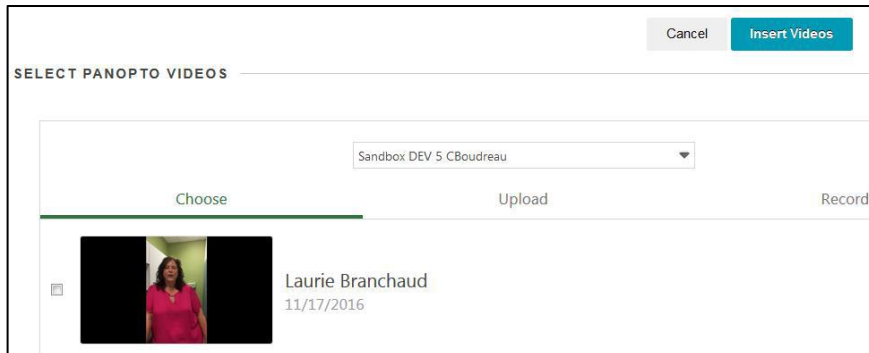

Embedding a video using Mashups in the Content Editor

1. From the text editor in Blackboard, navigate to the Mashups tool and select Panopto Video.

2. The Select Panopto Videos screen will appear. Navigate to the folder that contains the desired video(s).
3. Select the video(s) that you want to insert. Once you have chosen all of the videos desired, click Insert Videos and then Submit.

4. You will now be able to view the video(s) from the content area, a forum discussion or an assignment.
