Submitting a Video Assignment with Panopto

Submitting a Video Assignment with Panopto

To submit video assignments, tap the **Click here to submit your video using Panopto** option.

Video Assignment (Click here to submit your video using Panopto)
Please Upload your Video using the Mashups functionality.

1. From the **Assignment Submission Window**, click **Write Submission**
2. Click on the **down arrow** next to the **Mashups** tab, and select **Panopto Video**

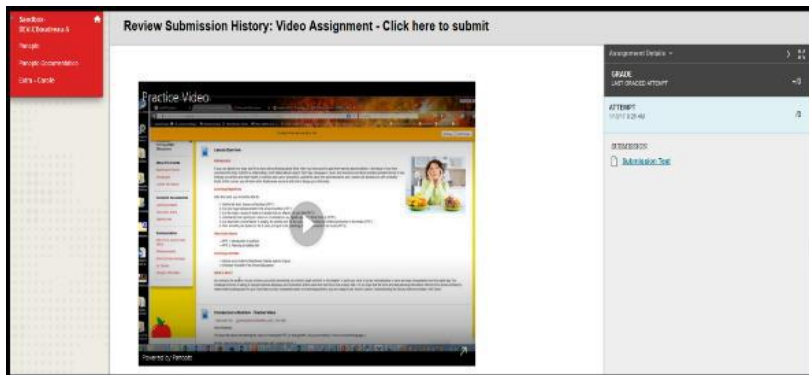

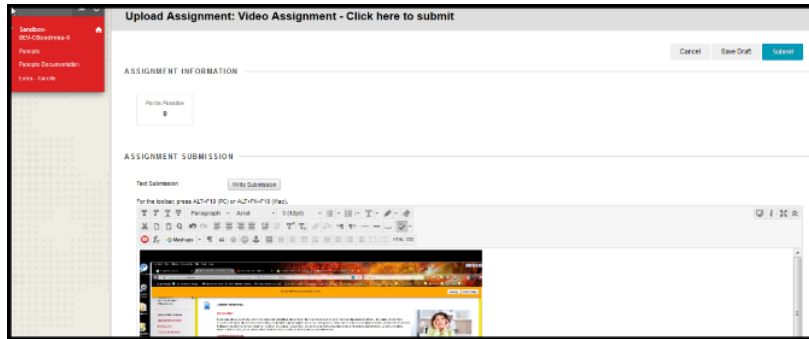

3. From here, select the proper **assignment folder** by clicking on the dropdown arrow.

Note: An **Assignment folder** must be created before students can upload videos.

4. Select the video to submit from the three options available:
 - a. **Choose** – a video from the list of videos already uploaded to Panopto.
 - b. **Upload** – a video from computer files
 - c. **Record** – a new video
5. After the video has been selected, click **Insert Videos** (top right) and then **Submit** in the next window.

6. The **Review Submission History** window will open indicating that the assignment has been submitted.
